

Member Distribution Cooperatives

Hoosier Energy’s member/owner distribution cooperatives serve 59 counties in Indiana and Illinois. Our members operate and maintain over 36,000 miles of distribution lines and provide electric service to nearly 300,000 customers—serving an estimated 686,000 people in our two-state service area. Hoosier Energy’s mission is to provide members with assured, reliable, and competitively priced energy and services in a safe and environmentally responsible manner. We demonstrate our commitment to that mission through our actions and proven results.
